

CE DECLARATION

PUK Cable support systems

Installation equipment for electric cables and circuits

The listed products are in accordance with The European Guidelines on the Application of Directive

2006/95/EG

(Electrical equipment designed for use within certain voltage limits).

We declare, in sole responsibility, that the above listed products correspond with the rules and regulations of the following documents.

- PUK QM-System according to DIN EN ISO 9001 as well as the deposited drawings.
- Tested according to norm/guideline: DIN EN 61537

Berlin, March 11, 2011

Technical Management, **PUK-WERKE KG**

This declaration certifies the accord with the listed guidelines and norms; does, however, not contain a warranty regarding characteristics. The general safety instructions must be observed during assembly and usage.
