

NETBOX MK

**Power Strip
NETBOX MK**

The **NETBOX MK** is the solution for cost-effective and intelligent power supplies. It consists of a robust plastic housing and is available in 2-, 3- and 5- socket versions.

Because of the plug-in connection system, the sockets can be directly connected to each other.

The **NETBOX MK** is used in a wide variety of situations and can be easily and securely mounted on almost any surface using the four mounting holes.
